## MEDEA KONFERENSSI TBILISI 19-20. OCTOBER 2018

We feel honored to send you the link of the announcement of the first international COWAP conference in Tbilisi, Georgia from 19.-20-October 2018 about "Medea - Femininity, Motherhood, Love and Hate". We choose this title because "Medea" - from Colchis, today a part of Georgia – as a mythical figure, represents a universal and multifaceted archetype-a symbol and thus is an image of a powerful, omnipotent, per-oedipal god-mother, is repressed into the unconscious of every female. In this sense the myth of Medea is a part of our intellectual, cultural and symbolic heritage. The overall theme "Medea" covers many COWAP issues:

topics related to issues mainly concerning women, but also relations between men and women, masculinity and femininity in modern times, the outside world and its problems, the socio-cultural point of view and the reflection of psychoanalytic concepts

We will have international speakers but also regional speakers to enhance Psychoanalysis and the support of women's issues in Eastern Europe.
